**University Schools
Bloomington, Indiana**

The school building itself is an object in which we work, we socialize, and we go about our daily lives. The spirit and closeness of unity at a crucial basket-

ball game or at a time of mutual stress is something all our hearts have known at some time. This spirit is a warm and fulfilling feeling, and helps to make us rounded individuals.

What is University School? When we count our heads, we find 67 faculty members and 1138 students. But we are not simply a number—we are people with varied and sometimes complex experiences. As we study . . . act . . . socialize . . . participate . . . contemplate . . . think . . . react . . . and express ideas, we become intelligent, active members of society.

University School opened officially in 1938 with the dedication of our present building. But as far back as 1853 there was an observation University School on campus for future educators, and by 1897 practice teaching was introduced in a "laboratory" high school. In 1911 this school was expanded to include an elementary school program.

Since 1938, the enrollment has increased from

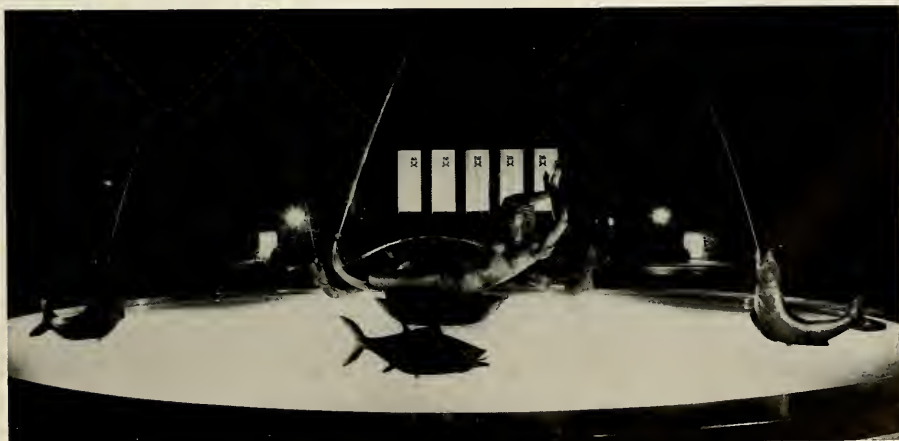

approximately 680 students in grades 1-12 to about 1200 students in kindergarten through twelfth grade. After twenty-three years, only one original teacher is still with us, Mr. Kenneth Thurston, head of the social studies department. Although no students remain from the first few graduation classes

of University High School, we still remember them through such awards as the Al Hermann Award for the outstanding athlete of the year.

Although our heritage is short in years, our background is filled with learning and rich experience. Much of this learning and rich experience has been acquired because we are fortunate enough to be a university high school, having the benefits and aid of the Indiana University campus at our disposal. For instance, many of our students are registered in IU classes. We also benefit greatly when a professor or administrator comes to our classes to give a speech on an especially interesting event or personality. It is obvious that we are indeed fortunate to be linked with Indiana University.

In 1961, the Indiana State Legislature passed a bill granting permission for the construction of a new University School. Since then teachers and staff have been busy preparing various lists that state, among other things, how many square feet each will need to operate successfully. The teachers may have muttered about this added work, but their labor will not be in vain. The new school, which will be built on the corner of Bypass 46 and Tenth Street, will be up-to-date with many modern facilities. It is to be a one-story building with a capacity of 2000 students and a gymnasium which will be five times as big as our present one. As it looks now, the class of 1964 will be the first class to graduate from the new and beautiful University School.

This is the architect's conception of our new school in the planning stage.

U-School is composed of ten departments in the junior and senior high schools, and an elementary department. The elementary department concentrates on recognizing and challenging often-hidden abilities in the young child. The upper grades attempt to polish and widen the student's skills.

There are three departments with staffs which teach students all through their University School career: music, art, and physical education. The music and art departments develop dexterity in their individual fields. The physical education department develops physical strength through their daily classes and knowledge of the body through the health classes. Its program also offers driver's education.

An English department is the most basic and perhaps the most necessary department a school can have. In addition to the required English courses, Journalism, the Novel, and Dramatic Literature are also offered at U-School. By teaching the student to express himself fluently and clearly, and to understand what others say and write, the entire English department leads him to an increased enjoyment of our language.

The University School program includes instruction in four foreign languages: French, Spanish, Russian, and Latin. The foreign language teachers concentrate on teaching the customs and cultures of the foreign countries as well as the literature and history of the country.

Ancient and present day cultures, customs, and knowledge of governments in foreign countries as well as our own are taught by the social studies department. By studying past endeavors and incidents, students learn how to handle present and future situations.

The science department is trying to encourage students who might someday become outstanding scientists in the world. It accomplishes this not only through the regular science courses, but also by encouraging interest and participation in the annual Science Fair.

The U-School mathematics department now offers a fifth year mathematics course, in addition to the required algebra. Interest in the mathematics field has grown to the point where University now has a math club—Ungawa, Ungawa, sponsored by Jerry McIntosh.

The University High School business education department teaches courses in bookkeeping, typing, and shorthand. The skills learned in these classes often help the student in his career after graduation.

The home economics department teaches boys and girls in the seventh and eighth grades basic knowledge of sewing and cooking.

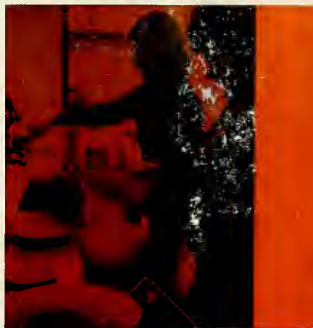

Kay Douglass plays the flute in the U-School band.

Elementary students play on the equipment in the front of the school.

Junior high students look at the pictures in Mr. Garrison's room while Teena Freeman and Janet Tapp cook in Home Ec.

The first period physics class watch Col. Glenn's flight on television.

Mr. Lewis shows his driver training class the inside of a car while Mary Beth Braden works a physics experiment.

A television camera in the TV room

Since University School is a laboratory school, many experimental methods are used in teaching all grades. This year, science and language courses used new and different ways of teaching their classes.

The chemistry and physics experimental classes, taught by Mr. William Inskip and Mr. Lawrence Poorman, were quite similar. Both courses encouraged and emphasized laboratory experimentation. The textbook was clarified by the lab work, enabling the students to understand more readily the principles and theories involved.

A new language lab was installed in room 302 this year. The foreign language classes listened and repeated the material in the textbook, which had been tape recorded. This greatly aided the student's pronunciation and understanding of the foreign language.

University School also participated in the Midwest Airborne Television instruction program this year. Third grade and fifth grade, social studies, world history and U. S. history classes were particularly taught by viewing classes transmitted from an airplane. The classes are taped and transmitted from an airplane so that schools in a larger area will be able to participate in the program.

Anne Binkley and Mary Beth Braden practice French in the language lab. Bob Barrows preparing a bomb in chemistry.

Mr. McIntosh teaches his advanced algebra class in the TV room while Mr. Poorman shows his physics class an experiment.

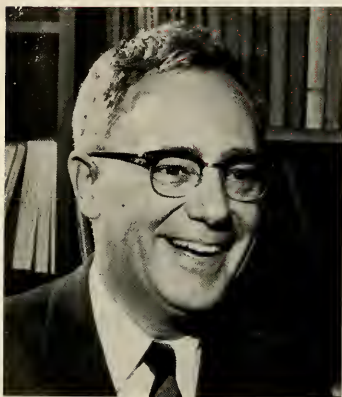

Mr. Neel, a student teacher in art, is helping three students while Mr. Bates and his U. S. History class watch Captain Kangaroo on television.

ADMINISTRATION

DR. HAROLD G. SHANE, Dean of the School of Education.

The head of the U-School administration is Dean Harold G. Shane of the School of Education. Under him is our new director, Dr. Arthur Oestreich. We have three principals: Dr. John Ray, high school; Dr. Jack Cousins, junior high; and Mr. Richard Pell, elementary. Miss Dotty Lackey and Mr. William B. Stafford are the senior high deans while Miss Martha Jane Risser and Mr. Donald Barr are the junior high deans. In the senior high general office are found the secretary, the budget clerk, record clerk, and six student runners, one per period. Both the elementary and junior offices are kept running smoothly by able secretaries. A speech and hearing therapist and a psychometrist are also connected with U-School.

DR. ARTHUR OESTREICH, Director of the University Schools.

Mrs. Beth Foster and Miss Margaret Trampke do the secretarial work in the office while Mrs. Vera Rouse is the Budget Clerk. Mrs. Dorothy Chaney, not pictured, is the Records Clerk.

DR. JOHN RAY

DR. JACK COUSINS

MR. RICHARD PELL

Dear Karen
 The year
 sure passed quickly
 and here I sit
 smiling down my
 school was fun
 enjoyed "seeing" the
 you, but now
 I just hope the
 off for you, &
 less. I have
 sure any
 do
 a

Carol Andres sells Ann Hofstetter some pencils in the bookstore while Eleanor Fell watches. Janitors valiantly try to keep the school clean despite efforts of the many animals that enter the school. Delicious lunches are served daily by the cafeteria staff.

I sure
 the fun began
 for that matter, for any
 a wonderful year, and he
 let me know if you hear
 boy at school — wait a bit
 think about it, and keep
 pick around; he's quite a
 we all like him.
 Good Luck always,
 Ann
 102 Stecker Hall
 Beckman
 Univ. of Wisc.
 Madison, Wisc.

To aid the students is the goal of the library and the people working in it. The library consists of approximately 10,500 books and 112 periodicals. Miss Armstrong is the head librarian; Mr. Richard Ardery and twelve high school students serve as her assistants. Miss Armstrong and her staff are kept busy each day shelving, checking, mending, processing, ordering books, and filing cards.

The school nurse, Mrs. Fran Winslow, with the help of her six office assistants, one per hour, attempts to keep us in good health. Dr. Borland is in the office for an average of seven hours a week.

Our cafeteria is staffed by six cooks with fourteen students assisting them. It serves 500 people in an hour and a half. Sophomore Vickie Patterson works at the cash register.

Mr. Frank Smith is in charge of the bookstore, and is aided by four student clerks. It is open five days a week from 8 a.m. to 4 p.m., and stocks many useful and necessary supplies.

The above people and places, as well as many others, help make our school the wonderful place it is.

Mrs. Winslow and patient

During this past school year, U-School students have attended dances and have decorated Christmas trees and have gone caroling. Fire drills, convos, and even studying have occupied our time.

University School offers many extracurricular activities which stimulate the growth of a character. Each of the clubs and organizations in school serves to broaden a knowledge in a certain subject or to develop skills, be it in sports or in other fields.

The E. Wayne Gross Academy of Science carried out many different scientific projects throughout the year. The MSE Academy, fashioned after the E. Wayne Gross Academy, went to Chicago in April to visit museums and other attractions of scientific interest.

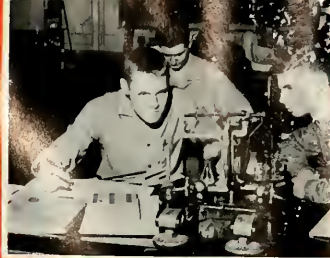

The mathematics club—Ungawa, Ungawa, Ungawa—experienced a prosperous second year of life under the leadership of Jerry McIntosh. Guest speakers were the nucleus of many meetings.

Both the Senior High and the Junior High Future Homemakers of America practiced and improved the skills of a homemaker. The annual fashion show, sponsored by the senior high homemakers, was a success as it has been in past years. Sports clothes to date dresses to formal attire were modeled.

The Literature Club this year enlarged its membership to include sophomores through seniors. A review of a book was given after the club read it, either by a guest speaker or a member.

a little more.

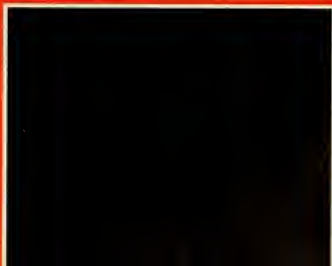

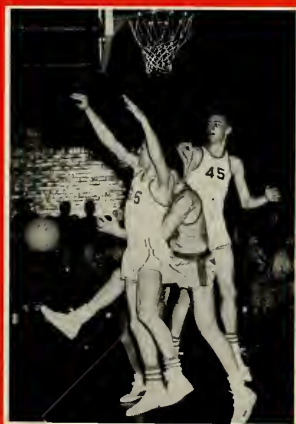

that's right

let's mix it

BOOM!

Les Voyageurs retraces LaSalle's
journey from Michigan to Illinois

The Booster Club boosted both the football and basketball teams to winning seasons this year. It undertook such spirit-building projects as selling special buttons, using shakers, and wearing red and white gloves.

The Latin, French, and Spanish Clubs encouraged and improved knowledge and skills in these languages. Special plays and programs often filled the agendas of these clubs.

The QUAD, University School's bi-weekly paper, came under the sponsorship of two new teachers this year—Mrs. Jeanne Butcher for the first semester and Edward Hayes for the second semester. The QUAD continued to supply its readers with humorous as well as serious articles and information about school affairs. The students who were willing to spend time working on the QUAD learned valuable journalism knowledge which can be employed advantageously for the rest of their lives.

The JORDANNUS staff members can also use the skills they have learned through contributing to their finished product—this yearbook.

The Junior High Drama Club and the Jordan Jesters are the dramatic clubs at U-School. To gain membership, a student must participate in the

"Don't you just love making decorations all night?"

The Homecoming Queen candidates and friends

Queen Rita Adcock

'the kiss'

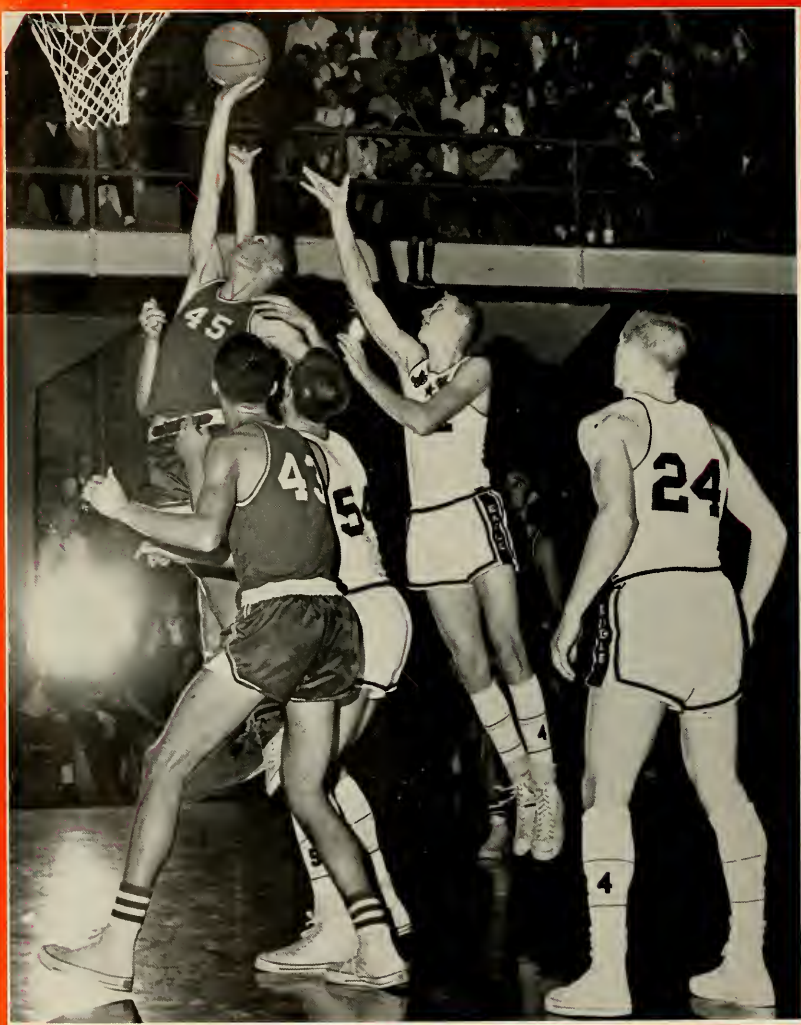

A highlight of the season was the Homecoming ceremonies. The senior class won the prize for the best decoration, and senior Rita Adcock was chosen Homecoming Queen.

... and they did!

production of a play, either by actually acting in the play or by helping in its production through one of the crews. If a person has outstanding ability or diligence, he may be initiated into Thespians, a national dramatic organization. The two dramatic presentations given this year, directed by Donald Walstrum, were "The Matchmakers" and "Annie Get Your Gun."

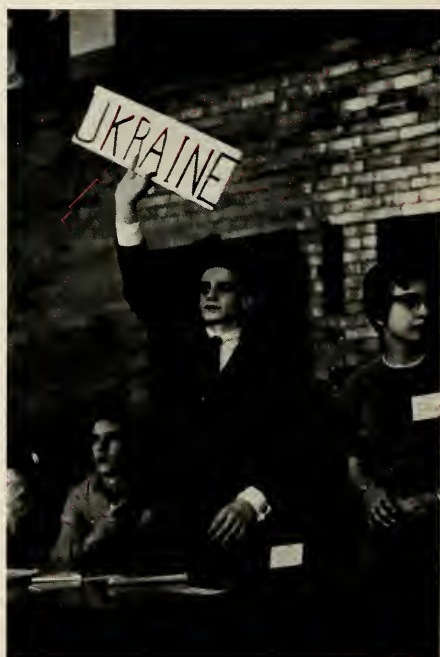

The Girls' Athletic Association is organized to provide an opportunity for girls to learn sportsmanship and skills in various sports. A Junior High GAA, founded this year, proved to be very successful.

U-Mens is University School's way of recognizing those boys who participate in its offered sports. After playing a sport for a season, a boy may earn his letter in that sport. An awards banquet was held at the end of the school year. At this time, the most valuable player for each sport as well as the recipient of the Al Hermann Award was announced.

U-School has a chorus, a junior high chorus, a band, and an orchestra for those students who are musically inclined. All of these groups performed at school convocations this year.

There are four honorary groups at University School. These are the National Honor Society, Quill and Scroll, the French Honor Society, and the Spanish Honor Society. The National Honor Society members are chosen in the spring and fall of the year, must have a high scholastic average, and must participate in activities which contribute to a well-

big business at
LUNA

rounded individual. Quill and Scroll is made up of those students who have earned a sufficient number of points from their literary efforts for the QUAD and JORDANNUS. Relatively few students earn membership in this journalism honorary. The French and Spanish Honor Society members are chosen by the sponsors of the French and Spanish Clubs. To become a member, the student must have a high scholastic average and an aptitude for foreign language.

It is the Junior High and the Senior High Student Councils that provide many services for the students which otherwise would not be done. The Senior High Student Council arranged the Homecoming parade and ceremonies and co-sponsored a semi-formal with the Junior High Student Council, plus many other worthwhile activities. Our Student Council will host the State Convention of the Indiana Association of Student Councils in 1962.

MYC this year again sponsored LUNA. Both the University and Bloomington High Schools participated in it. The Imitation United Nations Assembly discussed, passed, and defeated resolutions pertaining to important present-day world affairs.

come on—you've got to do it

yea—they did it!

Al Hermann Award Winner — Ray Webb

The Univee football team won six of their first seven games before losing three straight to end the season with a 6-4 record. Although this year's record was not as impressive as those of recent years, Coach Walt Gray's charges exhibited their usual fine football prowess while playing against exceedingly heavy odds that might have broken other squads. However, the team was never

at full strength as injuries sidelined several key players throughout the season.

Injury-rocked and referee-plagued, the Univees were beaten by Plainfield after beginning the season successfully, to begin a disastrous three game losing streak. Senior lineman Bob Trobaugh was selected to the All-State Honorable Mention Football Team in a post-season poll.

Dear Karen
 Don't get drunk at ^{MT}Hollyoake.
 Just at the quarries. Let's go
 out to the quarries this
 Christmas when you are home.
 It'll be cold but what the
 Hell.

Do good in school and be
 good when you are not in class.
 (He-He)

Best of Luck
 (with girl)

Bob

(Me)

Led by Bob and Al Marshall, who were among the top thirty runners in the State, University High School's Cross Country team compiled an impressive season record. Outstanding runners for the season were Barrow, Marshall, David Thomas, Rich King, and Steve Wennign. Highlights of the season were several record breaking runs by Barrow. He broke the record at the Martinsville course, which is considered one of the toughest in the state. Marshall was only a step behind Barrow all season and beat him in some of the big meets. Thomas, King, and Wennign supplied the necessary balance to produce a winning season.

The Harriers, ably coached by Jerry McIntosh, are hoping for another impressive season next year. Returning along with veterans Dave Thomas and Rich King are promising runners Tim Thrasher, Bruce Shaeffer, Rick Casati, Don Neal and Andy Hazelrigg.

Led by senior Ray Webb, the University wrestling team compiled a 7-7 season record. Ray remained undefeated throughout the regular season, finished first in the sectional, regional, and state meets, and was voted the outstanding wrestler in the state meet by the participating coaches. In addition to Ray, wrestling coach Bob Kelley will lose Jim Barrett and Jim Everitts. Returning next year will be Bill Peterson, John Young, David Hagan, Bill Dickens, Monty McDaniel, John Dyer, Jerry Hartsack, Ron Pennington, and Walter Luke. This large group of returning wrestlers will form an experienced nucleus around which a successful Univee wrestling team can be built next year.

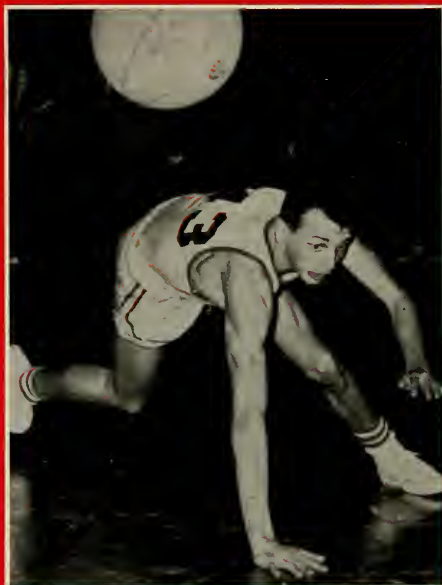

Fig. a dream of many people connected with U.S. school, a Univee swimming team was formed this year. Although new on the aquatic scene, the team rolled to a 4-4 season record and a fifth place finish in the state meet. Senior Dick Allen broke state records in the 200 and 400 yard freestyle at the state meet and was selected by participating coaches as the outstanding swimmer at the state meet.

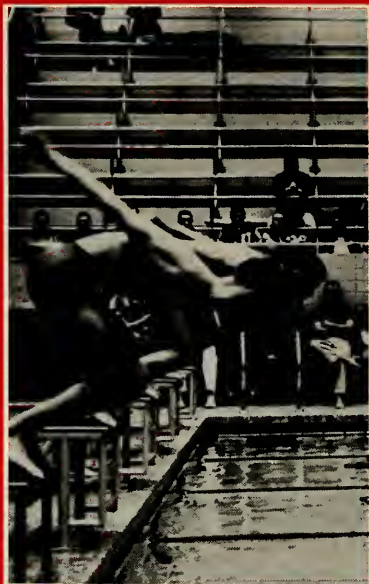

In his first year as coach, Don Lewis led the UHS basketball team to its best record since 1945. The Falcons compiled a 15-6 record including wins in eleven out of their last fourteen games. In consecutive games, Smithville was smothered by a Univee one-game high in a 94-52 tilt, and Brown County, heavily favored, fell before a magnificent defense, 88-66. Ellettsville proved to be the year's villain. The Eagles swept two virtually uncontested matches—82-53 and 68-53, the latter taking the Univees out of the sectional in the semi-finals. Senior Bill Weigel broke the UHS record for the most points in one season—394.

The Univee baseball team turned in a very fine season, winning eight and losing only two. Superior pitching by John Young and good hitting by Wayne Wilmer and John Hartman were the reasons for much of the team's success.

Coach Walt Gray piloted the Golf team through a very successful season. UHS finished second in the sectional and eighth in the state meet to finish the season.

The 1962 Univee Tennis team enjoyed a very successful and victorious season coached by Jim Mason. Of the team's three defeats, two were by only one point.

Coached by Bob Kelley, UHS's track team posted a record of 31 wins and 22 losses. Coach Kelley was faced by the problem of not having enough runners to make a really outstanding team.

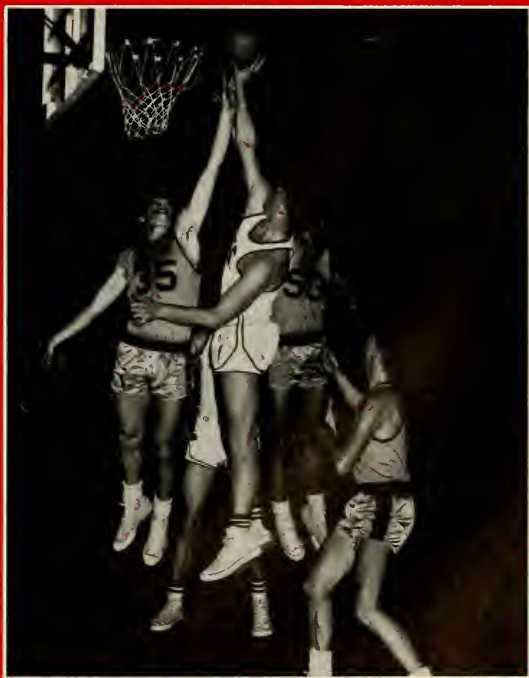

VARSITY CHEERLEADERS

Yea, Seniors, Yea, teams, Yea, University School

SENIORS

The varied faces of the illustrious senior class portray their many different emotional qualities and temperaments. This year's graduating class possesses all the necessary qualities for success: intelligence, leadership, character, service, cooperation, ability, humor, humility, beauty, kindness, sympathy, the joie de vivre, and the knowledge of how to relax. With these qualities, they will enter the cruel world ready to meet and conquer it.

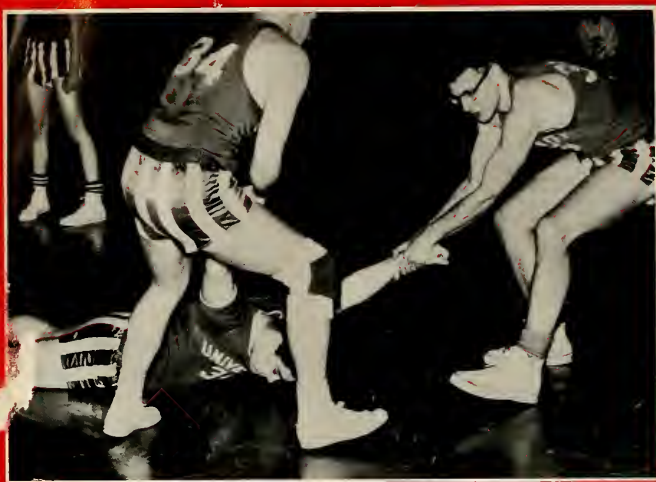

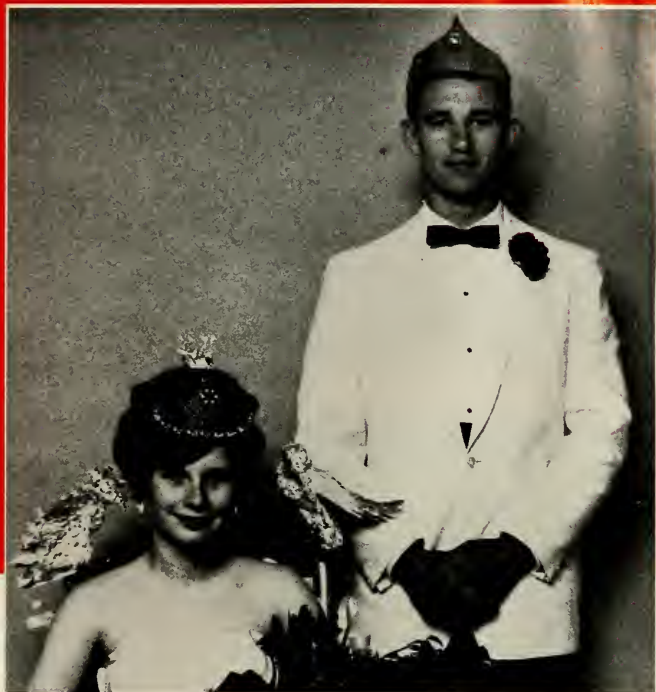

The annual Senior Faculty basketball game was a repetition of past years. Although the seniors' score was low, their spirits remained high throughout the game. Two squads of senior cheerleaders never gave up as the late minutes of the game rolled by. For the first time in years, tradition was broken as the seniors girls triumphed the faculty women in a volleyball game.

Prom Queen and King—
Ellen Woods and John
Dyer

The 1962 Junior Prom was held in the lovely Frangipani Room in the Union Building. Handsome couples gracefully filled the dance floor until the magic hour of midnight. The highlight of the evening was the crowning of the king and queen, John Dyer and Ellen Woods. At one o'clock the Commons was filled with laughing, enthusiastic young people ready for hours of fun at the Post Prom party. By five o'clock, everyone was on his way home to recuperate from this night to remember.

GRADUATION

Baccalaureate was the Sunday of Senior Week. Following the week of traditional parties, Commencement Ceremonies on May 25 ended the high school careers of 112 Seniors.

Loren -
Mama it sure
doesn't seem possible
that we really are
going away to College
but won't it be great at
Christmas time we can have
lots of food - by parties. I'll
never forget all the fun we've
had this summer and all the
people we met. Don't forget to
write me. Best of Luck with
everything. Hope you can hang
on to your Disc (get it) better
than I did. Is

today's busy people...

... take to more-than-refreshing Dr Pepper. It's different ... a happy, harmonious blend of deep fruit flavors. Goes everywhere, tastes great, and Dr Pepper has a built-in energy lift. That's why today's busy people like it. Have a Dr Pepper ... today.

Fun time. anytime is Dr Pepper time!

GOING STEADY . . . by . . . C. EARL EAST

Growing lovelier, growing tall;
Now no flower on the wall.
For Angora 'round a ring
Means she owns a steady thing!

Maybe clumsy, maybe shy;
Hardly looks her in the eye.
Growing pains may make him wince,
Ah, but he's her charming prince!

The staff of the 1962 JORDANNUS would like to thank everyone who helped to make this year-book possible. In particular we would like to thank Bob Appelman and Andy Hazelrigg, our student photographers, Mr. Robert Easton, our professional photographer, and Mr. Rex Moonshower, the Taylor Publishing Company representative. To all the other people who have helped us, we say a grateful
THANK YOU!

Dear Karen,

I am so glad that ~~some~~ ~~from~~ ~~the~~ ~~group~~ ~~the~~ ~~summer~~. Needless to say ~~but~~ ~~some~~ ~~and~~ ~~quite~~ ~~a~~ ~~few~~ ~~experiences~~ ~~together~~ ~~at~~ ~~of~~ ~~which~~. I am glad that happened. Our ~~first~~ ~~summer~~ ~~begin~~ ~~during~~ ~~seven~~ ~~week~~ ~~too~~ ~~long~~ ~~a~~ ~~little~~. Someone had to ruin it for ~~you~~ ~~it~~ ~~and~~ ~~it~~ ~~didn't~~ ~~take~~ ~~long~~ ~~to~~ ~~spook~~ ~~her~~ ~~and~~ ~~get~~ ~~back~~ ~~to~~ ~~our~~ ~~safe~~ ~~ways~~!

Susan, I'll never forget the blurt at the quarries with our deers. Karen, the next time you go skinny dipping be sure and wipe off the sand soon because your mom may get mad. Susan last night sure were fun but God did that ever wear me out - honey, sex & house parties!! I maybe a dinner but hell it sure is fun!

Karen, you deserve the best in all you do and I sure hope you and Mike will always have happiness and never's hurt.

Hope your parents don't have an bad impression of me after Eric entertained them with my episodes at the dinner table. Eric's a sweetie and Susan's the best little sister a man could ever have even though she wears all of your clothes!

Be bad next year honey & make it up cause its great on the health and never worry for it shall pass - like hell!

Love,
Linda

[illegible]

Wren,
Don't get off
the deep end for Dick!!
We have had a great
time together, hope to have
another blast in the near future.
Dea Wren & I don't know ^{if} ^{to someone} ^{that} ^{who} ^{is}
probably going out of my associations
forever except that our friendships
has been a good one.
Butch Gray
